

BIOGRAPHY

Born in Rome and raised in Toronto, Massimo Amici started out as an art director at agencies such as Y&R, Saatchi & Saatchi, McCann and more (his own too).

He transitioned into film and went on to direct his first award-winning short, "Acaluma". Additional shorts received prizes in Europe and abroad, including Best Short Film at the Queens International Film Festival in New York.

He's made films in the US, UK, Italy, Colombia, Argentina, and worked throughout Europe and New Zealand. Frequently wearing many hats, he likes to focus on camera work and the editing suite, where the magic happens.

Based in London, Massimo continues to develop narrative films while helping brands tell their story to the world.
